Friday, July 17th	86

DESCRIPTION

NACCHO360 is the largest convening of local health department leaders and public health professionals in the United States, offering the opportunity to learn, network, and share experiences and best practices across local health departments.

This year's theme, "Racing Forward, Swinging Big: United for Public Health's Future," calls on the public health community to stay focused, swing with purpose, and race toward a future built on innovation, resilience, and access for all. NACCHO360 includes General Sessions, Concurrent Learning Sessions, Sponsored Sessions, and an Exhibit Hall with approximately 100 booths.. The NACCHO Board of Directors and the SACCHO's (State Associations of County and City Health Officials) also meet during NACCHO360.

Lunch is served for all attendees on July 15 and 16 in the Exhibit Hall.

July 13-14 will feature an additional NACCHO Program: PHI*con. This year's theme, "Transforming Public Health Through Health IT and Data Modernization: Bridging Innovation and Implementation" aims to demystify the complexities of informatics and highlight the critical need for data modernization. Attendees will explore innovative strategies, best practices, and real-world examples of how modern data tools, techniques, and technology can transform public health initiatives, improve outcomes, and foster a more resilient and responsive public health infrastructure.

Participants who attend PHI*con may attend NACCHO360 as well, however it is not required. (total PHI*con anticipated attendance is 150-200).
